OekoTex

This product has been tested and successfully passed the Oeko-Tex Standard 100 global standard which indicates that the product is skin friendly. *Look for the Oeko-Tex logo to make sure you are buying a skin safe product.* For more information on Oeko-Tex please visit http://www.oeko-tex.com/oeotex100_public/index.asp?cls=02

Issue Date: 25.03.10

MaxiCut® 34-460

Precautions for use

Before usage, inspect the glove for any defects or imperfections. If a glove is ripped or punctured during use dispose them immediately. Wear an appropriate size and do not wear gloves that are too tight or too loose.

Storage requirements

Store in a cool; dry place which is away from direct sunlight and/or heat. Extended exposure to direct sunlight or excessive heat will reduce shelf life and resulting in fading, discoloration and cracking. Normal anticipated shelf life is 5 years.

Disposal

After the glove has been used it may be contaminated with infectious or other hazardous materials. Please dispose according to local authority regulations.

Fire notes

Gloves will decompose at high temperatures. Extinguish using water, CO2 spray or dry powder.

First aid

Remove contaminated gloves.
Skin contact: if an allergic reaction occurs seek medical advice immediately.
Eye contact; rinse thoroughly with low pressure water. If any prolonged discomfort, seek medical advice immediately.
