

## USER INFORMATION

# EC-GRIP

Latex Coated Glove

GLOVE SERIES: EC-GRIP

MARKING    , SIZE, 

### GENERAL

These products are classed as Personal Protective Equipment (PPE) by the European PPE Directive 89/686/EEC and have been shown to comply with this Directive through the Harmonised European Standard BS EN 388, BS EN 420.

### FEATURES

10 Gauge mixed fibre glove with crinkle finish LATEX coated palm and fingertips. Gloves are designed for general handling. **Avoid using near moving machinery due to entanglement hazard.**

### AVAILABLE STYLES

EC-GRIP – Fully coated face and part coated back (over finger tips), Orange coating on yellow shell.

### AVAILABLE SIZES

7, 8, 9, 10, 11 All sizes comply with the EN420:2003 for comfort, fit and dexterity. (Dexterity 5)

**STORAGE:** Gloves should be ideally stored in original packaging at ordinary temperatures and humidity in clean, covered and ventilated premises.

### CLEANING / MAINTENANCE

Both new and used gloves should be thoroughly inspected before being worn to ensure no damage is present. Gloves should not be left in contaminated condition if reuse is intended in which case gloves should be cleaned as far as possible. Laundering of these gloves is not recommended.

### CAUTION

These gloves have been tested to BS EN 388 and the protection referred to applies only to the palm area of the gloves. The result of the laboratory tests should help with correct glove selection, however it should be understood that the actual conditions of use cannot be directly simulated. It is therefore the responsibility of the end user and not the manufacturer to determine the gloves suitability for the intended use.

### OBSOLESCENCE

When stored as recommended will not suffer change in mechanical properties for up to three years from the date of manufacture. Service life cannot be specified and depends on the application and responsibility of user to ascertain suitability of the glove for its intended use.

#### EN 388:2003

3 1 3 1

#### Mechanical Risks

Abrasion resistance	3
Blade cut resistance	1
Tear Resistance	3
