TG3240

A 15gg, extremely comfortable and dexterous cut level C glove with a MicroDex Ultra coating for use in wet, dry and oily conditions. Features a reinforced thumb crotch and treated with Life Extending Technology to maximise the lifespan of the glove.

Key Features

- LXT Engineering triple wrapped core for extra cut protection and a soft luxurious feel for the wearer
- MicroDex coating provides great oil resistance and grip
- Hot contact resistance up to 100°C
- LXT Treatment for water, oil and dirt resistance and reduced staining
- Reinforced thumb crotch for enhanced longevity
- Dexterous, highly tactile, and breathable

Ideal for

- Medium risk assembly work, both inside and outdoors
- Automotive and mechanical industries
- Scaffolding
- Maintenance work - contact with oily or hot components
- Electricians and plumbers

Maintenance

Both new and used gloves should be inspected to ensure no damage is present prior to use. A light gentle wash up to 3 washing cycles with mild detergent without involvement of any sort of bleaching agents. No tumble drying, just line dry at low temperature up to 30 degree Celsius.

Storage

Gloves should be ideally stored in cool, dry conditions away from excessive heat and in its original packaging.

Disposal

Used protective gloves can be contaminated or infected with harmful substances. Dispose of the gloves as instructed by your local authority.
