TG5240

A cut level C glove with a luxurious 15gg liner, perfect for high cut risk tasks that require dexterity in wet, dry and oily conditions. Features a reinforced thumb crotch and built with Life Extending Technology to guard against general wear and tear, as well as keeping the glove cleaner for longer.

Key Features

- LXT Engineering triple wrapped core for extra cut protection and a soft luxurious feel for the wearer
- MicroDex coating provides great oil resistance and grip
- Hot contact resistance up to 100°C
- LXT Treatment for water, oil and dirt resistance and reduced staining
- Reinforced thumb crotch for enhanced longevity
- A breathable 15gg liner, making the glove highly dexterous and tactile

Ideal for

- Automotive and mechanical industries
- Metal fabrication
- Maintenance work - contact with oily or hot components
- Waste, recycling and dealing with unknown risks

Maintenance

Both new and used gloves should be inspected to ensure no damage is present prior to use. A light gentle wash up to 3 washing cycles with mild detergent without involvement of any sort of bleaching agents. No tumble drying, just line dry at low temperature up to 30 degree Celsius.

Storage

Gloves should be ideally stored in cool, dry conditions away from excessive heat and in its original packaging.

Disposal

Used protective gloves can be contaminated or infected with harmful substances. Dispose of the gloves as instructed by your local authority.
